CENTURIES

Centuries collection was created through a selection of the most precious marbles, making it feel one with veinings and spectrum.

Centuries is a well-structured collection that boasts the abundance of quarry materials to make livelier and sumptuous living spaces.

Vibrant depth and veins that we intensified with an antique effect to give a vintage allure.

Chromatic ranges that develop from the classic Apuano to the delicate Calacatta through the harmonious veins of the Bardiglio and the chromatic variability of the green Alps, up to the decisive contrast on the Marquina.

66 CENTURIES BIANCO

Centuries Bianco forms visually rich and compelling narrative communicated through dramatic bold-grey strokes juxtaposed against muted hue of Gainsboro-ish tile base with its greyish streaks branch out and unfold freely yet in structured manner akin to storytelling - à la Natural.

“CENTURIES GOLD

Expressive subdued sandy grey veins resembling light brushstroke with hints of gold undertone running through the groove, set on ivory white tile base making Centuries Gold the perfect choice to achieve next-level of decadence interior atmosphere with minimal effort.

“CENTURIES ARABESCATO

Featuring a melange of dusky grey waves and a playful dose of veining relief pattern on a soft white tile base, Centuries Arabescato is quintessentially the finest of all tiles - so timeless that even Michelangelo would have nodded in agreement.

“CENTURIES GRIGIO

Subtle lightweight fine lines of white veins traversing across sparingly, breaking the monotony of otherwise cliché medium grey base tile. This floats Centuries Grigio on top - in a sea of seventy-shades-of-grey.

“CENTURIES
NERO

Anchor a calming atmosphere with Centuries Nero, with just the right amount of fine white grooves running almost diagonally to standard cut sizes - projecting a refreshing feel to ubiquitous dark grey dominated interior space.
